ANNOUNCEMENT. NNOUNCEMENT-Pennsylvania. AN ENTERPRISE REPRESENTING THE BUTTER AND CHEESE MANUFACTURERS OF THE STATE. AN ASSOCIATION FORMED FOR HANDLING THESE PRODUCTS THROUGH ONE COMMON CHANNEL. Some few days ago an article appeared in the various daily papers to the effect that a butter and cheese association had been formed, with headquarters in this city. The object to be attained is to bring the manufacturers of this State in closer relationship and give them one common channel whereby to dispose of their products, and to provide and maintain a regular market for the produce of the butter and cheese factories of the State of Indiana; also, to secure the best possible prices for dairy products, and to encourage in the highest degree the care and skill in the manufactre of said products—this MAKING INDIANAPOLIS A BETTER MARKET, AND WILL BE TO INDIANA WHAT ELGIN IS TO ILLINOIS.

The organization will be governed by rules and regu-..... lations similar to the Elgin Board of Trade, where they have the best butter market in the United States. This is the first time in the history of this State that anything of the kind has been done to stimulate and encourage the manufacture of high-grade butter and airy interests, and should receive the encouragement of every one interested in dairy products.

INDIANA IS SECOND TO NONE

AS A DAIRY-PRODUCING STATE, HAVING THE BEST CLIMATE, GRASSES. CATTLE, AND PRODUCING

AS FINE A QUALITY OF BUTTER AND CHEESE AS ANY STATE IN THE UNION.

From which may be inferred the necessity to place our dairy products on the market to compete with other States. The gentlemen who have interested themselves in this enterprise are well known throughout the State, and have the ability to bring the State dairy products to the front, where they justly belong

> MARCUS M. BINFORD, of Thorntown, Boone County; JASPER W. LAGRANGE, of Franklin, Johnson County; WILLIAM H. DYE, of Greenfield, Hancock County; of Tanglewood, Marion county, L. C. McCANN, of Indianapolis.

Since the recent formation of this association the secretary has already received letters from producers of all parts of the State, indicating their hearty cooperation and the welfare of the enterprise.

HOTEL ENGLISH

Last week departed with cheerful faces and bestowed the highest praise upon this hostelry for the uniform treatment received and the substantial repast set before them at every meal. This is a commendation bestowed by every guest, since MR. HALL has taken the management, which has been of a character that explains its high reputation and pronounced popularity, and become the favorite resort for commercial travelers, tourists, members of conventions, etc. An advantage over other hotels is the English Operahouse in the same block, to which entrance can be gained by a side-door leading into the auditorium, where the most attractive plays are presented every night of the week. The hotel is managed on the American and European plan, guests having the preference of either, according to the dictates of their desire. Street cars leading from Union Station run within a few feet of the doors.
